

INFORMATION FOR ALL VISITORS

Due to the corona virus, we ask you to

1. Stay at home if you feel sick or if you have a cold

The same applies if you have been in China, Hong Kong, Iran, South Korea, northern Italy or Tirol in Austria in the last 14 days.

2. Wash your hands frequently

All staff do the same. Soap, water and disposable towels are available in all toilets.

3. Avoid handshakes

We greet each other without shaking hands.

4. Cough and sneeze in the bend of your arm

Even if you are well, sometimes you need to cough and sneeze. Remember to always cough and sneeze in the bend of your arm.
