

DUE TO THE CORONA VIRUS

Temporary changes in the worship service

In solidarity with each other and the rest of the world, we ask you to

1. Stay at home if you feel sick or if you have a cold

Welcome back when you are feeling better. We will pray for you during the service. God is always with you. You are never alone.

2. Wash your hands prior to the service

Soap and water is available in all toilets. All staff wash their hands prior to the service.

3. Avoid handshakes

This is also applicable to "The peace". Put your hand on your heart and make eye contact with your fellow worshipers.

4. Dip the bread in the wine

We do not drink from the chalice. You can choose to only accept the bread without the wine. It is still considered to be a satisfactory Communion.
